Consider Medisafe,

a digital app with helpful resources for your treatment journey

You and your care partner can get personalized resources with the Attruby® Medisafe Digital Companion App.

Download on your smartphone or tablet in order to:

- Get medication and refill reminders
- Access educational resources and patient testimonial videos
- Invite your care partner to join the app, so you can both keep up with your treatment

Flip this card over for download and setup instructions

Attruby®
(acoramidis) 356 mg tablet

1 **Scan the above QR Code** with your smartphone or tablet's camera or visit **medisafe.com/download** to download the app on Google Play or the Apple App Store

GET IT ON Google Play

Download on the App Store

2 Tap "**Get**" or "**Install**" to download the **FREE** Medisafe app

Medisafe Medication Management
Pill and Medicine Reminder
Get

3 Open Medisafe, then tap "**Get Started**"

4 Enrollment in the Attruby Digital Companion should begin automatically. If it doesn't, tap "**Enter Verification Code**" and enter the following verification code: **EAH6**

5 Follow the onscreen instructions to finish enrollment, **add Attruby to your digital cabinet**, and set daily medication reminders. You're all set!

Please contact your Patient Access Liaison (PAL) or Medisafe Customer Support (programsupport@medisafe.com) if you have questions about Medisafe.
